## EAGLE ASSOCIATES of CAZENOVIA, LLC

### HAZARD COMMUNICATION PROGRAM

The purpose of this **Hazard Communication Program** is to inform *Eagle Associates of Cazenovia, LLC. and/or Subcontractor employees* of known chemical hazards that may exist in the workplace. This Program applies to chemicals known to be present on the jobsite in such a manner that employees may be exposed under normal conditions, non-routine tasks or foreseeable emergencies. All *foremen of Subcontractors* and other *Prime Contractors* will be given a copy of *Eagle Associates of Cazenovia, LLC.'s Hazcom Policy* when first arriving on the jobsite.

#### THE MAJOR COMPONENTS OF THIS PROGRAM ARE AS FOLLOWS:

- a) Labels and other forms of Warning.
- b) List of hazardous chemicals known to be present in the workplace.
- c) Safety Data Sheets (SDS) from suppliers
- d) Methods of informing and training employees of hazards of non-routine tasks.

#### LABELS AND OTHER FORMS OF WARNING:

Each container of hazardous chemicals shall be labeled, tagged or otherwise marked with the identity of the hazardous chemical and the appropriate *Hazard Warning*. Labels and other forms of Warning will be legible and prominently displayed or readily available at each jobsite and adhere to GHS Labeling Requirements.

#### LOG OF HAZARDOUS CHEMICALS AT EAGLE ASSOCIATES OF CAZENOVIA, LLC. JOBSITE:

A *Chemical Inventory Sheet* is on file for each *Hazardous Product* on the site. The list identifies the product and its supplier. This *Chemical Inventory Sheet* is located in the Job Superintendent's office (as well as the main office) and is updated as additional hazardous materials are received.

#### SAFETY DATA SHEETS (SDS):

A *Safety Data Sheet* will be kept for each hazardous chemical known to be present at the jobsite. *Safety Data Sheets* are kept in the field office (and in the main office) and are ready available to all employees. The *Job Superintendent/Safety Coordinator* is responsible for maintaining the *SDS* in a complete and updated manner.
